Dear Mr. Hargis:

This letter requests information regarding the City's compliance with the requirements of its National Pollutant Discharge Elimination System permits MO-0047031 and MO-0050652 for its Vichy Road and Southeast Publically Owned Treatment Works. Specifically, the U.S. Environmental Protection Agency seeks information related to the City's progress toward elimination of discharges from the peak flow clarifiers at the POTWs in accordance with the Voluntary Compliance Agreements executed with the Missouri Department of Natural Resources in 2011.

This letter and the enclosures are a request for information and are issued pursuant to Section 308(a) of the Clean Water Act, 33 U.S.C. 1318(a). Section 308 authorizes, among other things, the EPA to require the City to furnish information necessary for EPA to evaluate the City's compliance with the CWA and its NPDES permits. Under the authority of Section 308 of the CWA, the EPA hereby requires the City to provide the information requested in **ENCLOSURE 1 within fifteen (15) calendar days of receipt of this letter**. Please read the instructions in the enclosure carefully before preparing your response.

We appreciate your cooperation and prompt attention to this matter. If you or your staff would like an opportunity to confer, or have any questions relating to this information request, please contact Wayne Dillard at (913) 551-7885.

Sincerely,
